<p>Irene is a single mother and is living on low income with her young daughter. Irene is a supportive mother who has been taking care of her special need's daughter. This past year they moved into a 2-bedroom apartment from a small bachelor. They are so happy with all the space and Irene has worked very hard to save and furnish her home. They both love their new neighborhood and love to explore the community centre and library. Irene is currently enrolled in school to become a hair stylists assistant. Irene and Paula enjoy doing their homework together. The cost of living in Toronto is increasing at a rapid rate and families like this are finding it hard to afford the basics.</p>
