
**Closure of Community Living Toronto
Respite and Day Programs
March 25, 2020**

The COVID-19 pandemic continues to impact our lives in many ways. As the situation evolves, we must all adapt and do our best to “plank the curve” of infection and spread.

To that end, Community Living Toronto is temporarily closing our respite programs for children and adults at the following sites:

- TREADD Respite Program
- Ennerdale Respite Program
- Lawson
- McMillan
- Wellesworth Dr
- Gilley Rd

These sites will be closed from end of day Wednesday, March 25, 2020 to Tuesday, April 14, 2020.

In addition to these measures, CLTO is also extending the closure of our day programs beyond our initial announcement of Friday, March 27, 2020. Our day programs will now remain closed until Tuesday, April 14, 2020.

We hope to be able to open these programs sooner if the situation allows. Please monitor Community Living Toronto communications via email and social media for further updates.

We recognize that this is a very difficult time for individuals in support and their families. While our physical sites are closed, we remain available to support families as needed through the crisis. Please contact the manager or supervisor responsible for your program if you need additional support. We will also be communicating frequently with resources for individuals and their families to help cope through this difficult time.

Thank you for your continuing patience as we manage through the crisis.
