Registration and login:

Please search “Project SEARCH Toronto Information Session for 2021/22 School Year” on www.eventbrite.com

Project SEARCH Toronto is a unique transition to work program for students who have a disability and are in their final year of high school.

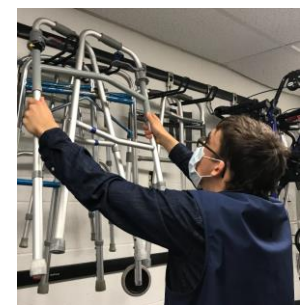

Students participate in classroom workplace life skills education and complete three cooperative learning placements at UHN Toronto Rehab and Holland Bloorview Kids Rehabilitation Hospital.

Each student’s support team includes their family, a qualified teacher, job coaches, worksite supervisors and co-workers, and an employment support counsellor.

Eligible students are:

- At least 18 years old
- Eligible to enroll in high school (TDSB or TCDSB) for the 2021/22 school year
- Diagnosed with an intellectual or developmental disability
- Motivated to work in healthcare support roles after finishing high school (full-time or part-time 20 hours a week or more)
- Able to communicate in a workplace setting

Project SEARCH is an international success with 75% of graduates competitively employed within one year of completing the program.
